Parents of South Platte Middle and High School students,

Sandhills Crisis Intervention Program (SCIP) has partnered with South Platte Public Schools to have Rachel Fischer speak to high school and middle school students on 1/21/2026. The topic she is going to be discussing is *Social Media Safety: Avoiding Online Predators in a Digital Age*. As you know, this can be a very broad topic. Here is a list of discussion points that she will be presenting on:

- Online Social Media Safety
- Safeguarding Social Media Presence
- Grooming Red Flags
- Safe Posting Strategies
- Digital Footprints
- Resources

It is our hope this training will provide students with the knowledge to safeguard themselves from online predators. We encourage you to talk to your student about one safe online practice that can be adopted by your family.

SCIP would like to thank the Nebraska HALT Human Trafficking Fund for funding this valuable online safety education opportunity to students. We would also like to thank South Platte Public Schools for their flexibility and teamwork in coordinating this training.

Additionally, a presentation for parents, community members, and anyone interested will be held at New Hope Church in Ogallala on Tuesday, January 20, 2026, at 5:30 PM. Doors open at 5:00 PM and snacks will be served. We hope you can join us to learn more about hidden online dangers, strategies to safeguard our children, and to meet Rachel Fisher in person.

Sincerely,

Michaela Rosales
