

Inclement Weather Policy

MN Girls Flag Football League

Inclement Weather Schedule Changes

- If inclement weather forces sites to cancel games they can do so with the following understanding:
 - Games may be cancelled **more than three hours** before the start time of the first scheduled game without incurring any charge for official's time.
 - If sites want to wait and see what the weather does **within three hours** of the start of their games, or even have officials show up and see what the weather does up until game time and then cancel, they are responsible for paying officials half a game fee. Example: A normal varsity game fee is \$80/game. Therefore, half a game fee would be \$40/game per official and sites will be invoiced through the normal process via Hammer Sports.
 - **If a game starts** and inclement weather forces the game to end early officials will be paid their full game fee.
 - Site managers should work in consultation with officials and follow their school/district policies regarding inclement weather. Every effort should be made to complete games, even if waiting for weather to pass through the area. Rescheduling is very difficult for athletes, coaches, families, and officials. Flag football is played in the rain.
- **If games are cancelled on the day of the game the following must occur immediately:**
 - Sites text Jeron (952-255-9259) and include Zach (763-516-3276), Heidi (763-350-0098), and Carlton (320-241-8647) from Hammer Sports as soon as the decision is made to cancel so they can notify officials.
 - Follow your texts up with an email to HammerSportsOfficials@gmail.com and include the Coordinator of Officials, Jeron Schmidt, at jeron.schmidt@gmail.com to keep everyone in the loop for any rescheduling needs.

Other Schedule Changes:

- If there are general changes to the schedule that are outside of game days including time changes, site changes, cancellations, or anything else please email the Coordinator of Officials, Jeron Schmidt at jeron.schmidt@gmail.com and Hammer Sports at HammerSportsOfficials@gmail.com.
